I INSTALLAZIONE DELLO STIPITE

Per l'installatore della porta
 Inserire i piccoli montanti nella lamiera
 Inserire il montante grande verticale ed i traversini

E INSTALACION DE LA JAMBA

Para el instalador de la puerta
 introducir los pequeños montantes en la chapa
 introducir el montante grande vertical y los travesaños

D TÜRBLATTMONTAGE für den Monteur

Vertikale Zargenteile in die Nut bzw. am Ständerwerk ankleben
 Die oberen Querteile mittels leichtem Hammerschlag (Gummihammer + Zulage) zusammenfügen, sodaß eine Entfernung für Justier- und Wartungsarbeiten möglich ist.

UK INSTALLATION OF THE JAMB for the Door Installation

Insert vertical small wood uprights in the metal profiles
 Fix the horizontal wooden strips and the vertical jamb

F INSTALLATION DU DORMANT Pour l'installateur de la porte

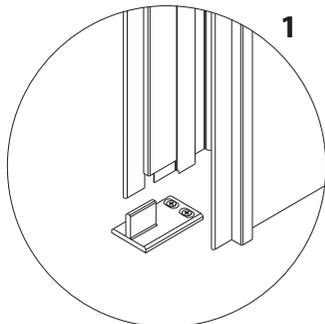

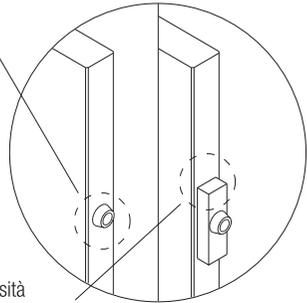

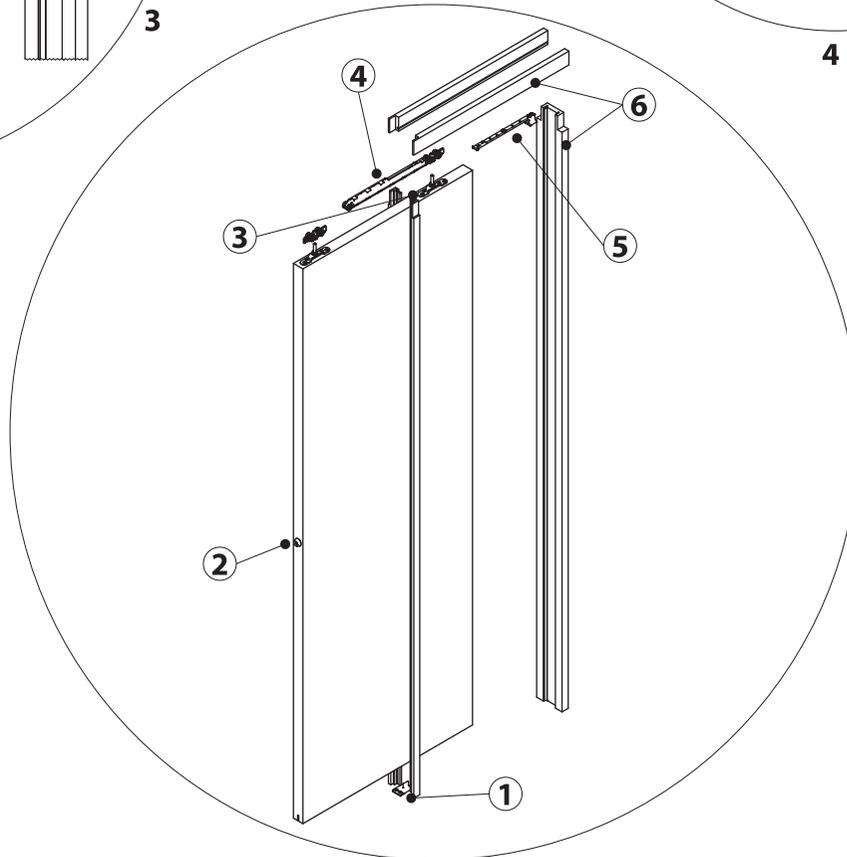

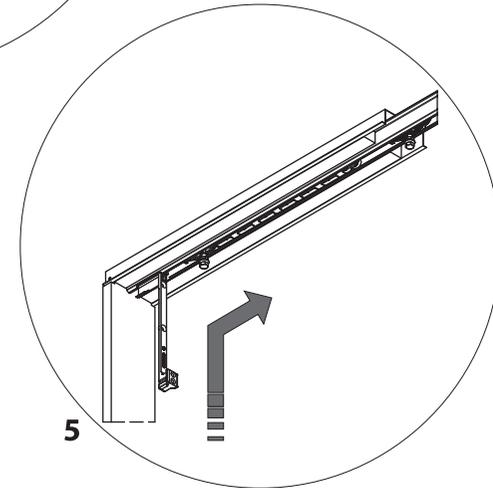

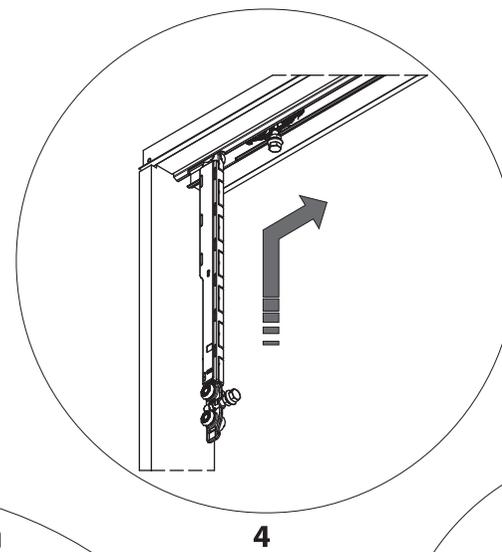

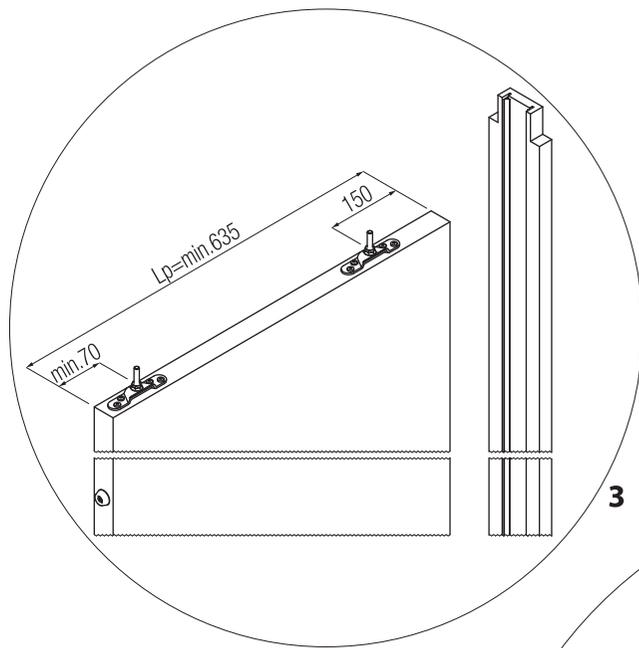

Insérer les petits pièces du dormant bois dans le metal
 Insérer les montant et les pieces horizontales

B MONTAGE van het deurblad

De borstellijsten in lijn met de deur op het frame met silicone of montagelijm aanbrengen. Vervolgens de slaglat monteren. Tenslotte de afdekljst voor de ophanging inschroeven.
